International Summer Session 2015 at the Chonnam National University was a great experience for both students and professors. It was a great opportunity to meet interesting people from around the world with their unique experience, knowledge and cultural identity. The ISS programme offered not only a wide spectrum of interesting lectures delivered by professors from many countries, but also an exciting range of trips and activities giving an extraordinary opportunity to discover Korea and its society. If you want to see and feel an amazing country with rich centuries-old history and culture, extremely tasteful cuisine and inhabited by friendly and open people the ISS is the best option for you how to spend your next summer time.

I can't stop thinking about the program since I left! I always find myself thinking back on that unforgettable experience I had while over at CNU. You'll find yourself smiling whilst going to dinner with your friends, making plans with your buddies, and even walking to class. The trips we took by far were the funniest activities because it really brings you closer to all the other students! I recommend this program to literally anyone! And who knows, you may become a king like I did!

Malcolm Roberts

RMIT University, Australia

The International Summer Session at CNU has had an amazing impact on my life! I was able to meet so many new friends, learn so much about Korean culture and grow so much of my own personal character in only four action-packed weeks. It was surely an 'international' experience as I have returned to Australia with good friends from more than 20 countries. Through these experiences, I learnt so much about the intimate Korean histories, the intricacies of the ancient Korean culture and I was able take part in many Korean traditions all while building great friendships with the other students. During my time in Gwangju, I made friends for life and had experiences that have guided my future studies. I had such an amazing adventure that I plan to return to CNU to complete a full exchange semester to learn more about Korea and its beautiful people. CNU offers a fantastic program full of exceptional people where you will certainly create lifelong memories – I highly recommend it!

It's the people you meet along the way that makes life more colorful. Every day was like a visit to a foreign country and I felt like I was on a world-wide trip by getting to know all the international students and the Korean buddies who became my close friends. Each city trip was exciting and it was a voyage of discovery. Every meal was always a feast of food, friendship and culture in South Korea. It was truly a remarkable experience I would like to share with everyone.
