## What do participants say about CGSS?

*"My experience at CUK has been amazing because I have learnt so many things from Korean studies and field trips. Before coming to Korea, I didn't know anything about the Korean culture but now I can introduce myself, read, write and can even use chopsticks. I never thought of having this much fun. I loved the fact that it was a combination of studies and cultural history. CGSS has been one of the best experiences of my life."*

– **Eliana Landivar (St. Mary's University College).**

*"The CGSS program has allowed me to go to many of the most popular places in Korea. I was able to have a well-rounded experience in Korea because of this program. We had a well-balanced mixture of fun and educating activities. I am really grateful to have been in this program. As well as having a fun time, I was able to improve my Korean a lot."*

– **Amanda Ferns (Cardinal Stritch University)**
