If you like making lifelong friends from all over the world and sharing unforgettable memories with others, you should grab this opportunity offered by CNU to do just that. If you enjoy learning a language by immersion in fun ways with real life applications, with real people, with their own stories, this is the program you have been looking for in your life. This program is an excellent in this regard, because every day you will interact with your peers inside and outside the classroom. If you want a quality education with stellar teachers and students, you can find it right here as well. If you are looking for a chance to grow personally and professionally with people you will love, you need to be in this program. At no point did I hear from any of my friends from the CNUISS program 2017 that they regretted their decision to join this program. The only complaint I heard was that it only lasted for a month. While this program has ended, our friendships did not end, and they never will! You can do it! Nothing is impossible!

All the time I spent on this program was mesmerizing. Chonnam National University and Gwangju left wonderful memories in my heart. The experience I gained through the CNU International Summer Session changed me. This program opened my eyes to the beautiful diversity in different cultures, and taught me how to adjust to any differences. I made so many new friends who were like family from different countries. I learned not only academics but also history, culture, communication and social skills that I still appreciate every day. Gwangju is a very peaceful and beautiful city, and has very friendly people with many fascinating and meaningful historical stories in every corner. This program was truly an invaluable experience. All staff, professors, and Korean buddies were very kind and responsive. The program was excellently organized. I highly recommend CNUISS to anyone who wants to expand their horizons with great people. It certainly was a great experience!

My Chonnam University Summer Session experience in 2017, was nowhere short of phenomenal. Chonnam University offered fantastic accommodation and unforgettable cultural experiences. Furthermore, not only learning about what types of typical Korean cultures there were but opportunities to learn the meaning and the history hidden behind were all very interesting. All the friends I made quickly became my family members. Our Korean buddies were legendary for helping all international participants including professors in any way they possibly could from teaching us the language to late night norebang (karaoke) sessions! There was never a dull moment throughout the program. I continue missing my time in Gwangju and still feel unbelievably happy to have had this outstanding opportunity. Thank you CNU for the best memories ever!

My CNUISS experience was life-changing. The university is definitely a great place to discover new things about myself as well as other people from all over the world. Great lectures were delivered by marvelous professors. It brought learning to a whole new level, a continuous process inside and outside the classroom. The activities arranged by the school also helped me forge lasting relationships with other students. Being with people from different backgrounds helped me see new perspectives, and made me a better person with an open mindset for anyone from anywhere. To top these, South Korea is an amazing place to explore and experience. CNUISS is the perfect mix of learning and fun! Joining the program is one of the best decisions I have made in my life.

Professor Christopher Gan

I thoroughly enjoyed the entire 2017 CNU Int'l Summer Session. I have gained an appreciation of the Korean culture and was able to foster amazing many relationships with professors and students from many countries. Being here will truly allow you to feel the essence and the real beauty of the life in Korea. By far, I can confidently say that the CNUISS2017 is the best experience in my life and, although it was only for a month, I have cultivated myself professionally in teaching abilities, expanding inter-cultural attitudes, and skills in creating relationships with the people from all over the world. I would highly recommend and have recommended this program to any student or faculty member.
