ELIS EXPANDING HORIZONS

Ewha-Luce International Seminar(ELIS): Expanding Horizons is an intensive residential internship program for women graduate students in STEM. This summer seminar is scheduled to be held annually from 2015 to 2020 at Ewha Womans University's campus in Seoul, Korea. 21 students in 2015 and 22 students in 2016 participated in the ELIS. Through this project, Ewha and the Henry Luce Foundation aim to strengthen the capacity of the next generation women leaders in science in the US and East Asia, further expanding their visions for the future of science.

PROGRAM

GLOBAL LEADERSHIP

The themes are structured into 4 modules

Providing practical tools and trainings to elevate women scientists in positions of leadership within the STEM fields. The training includes : presentation skills, global communication, global leadership, and understanding of social trends.

EMPOWERMENT

Strengthening women leadership and promoting personal strengths through various approaches such as understanding gender reflected research in science, overcoming underrepresentation of women scientists, and understanding cross-disciplinary research.

NETWORKING · CULTURAL EXCHANGE

Offering opportunities to experience and exchange culture, expand networks of colleagues and professionals in the global scientific community, and promote equality through real action.

VISION

Encouraging participants to establish a global vision via discussions on contemporary and historical issues, facilitating equality and human rights values into responsible, and sustainable scientific practices.

ELIS is an 18-day program consisting of:

WORKSHOP	SEMINAR	TEAM PROJECT
PANEL DISCUSSION	LECTURE	FORUM
VISIT	ACTION PLAN	SOCIAL

EWHA-LUCE INTERNATIONAL SEMINAR

PROGRAMS

THE HENRY LUCE FOUNDATION

Established in 1936, the Henry Luce Foundation was founded by Henry R. Luce, the co-founder and editor-in-chief of Time, Inc. Life, Inc., and other prestigious and well-known magazines. As part of its 75th anniversary celebration project, the foundation, in collaboration with Ewha Womans University, has decided to support women scientists in the US and East Asia.

EWHA WOMANS UNIVERSITY, SEOUL, SOUTH KOREA

Founded in 1886, Ewha Womans University has supported women in STEM disciplines throughout its history. An institution which started with a single student over 130 years ago, Ewha has grown to be the world's largest and most comprehensive university for women today.

As the capital city of South Korea, Seoul was named UNESCO city of design in 2010 and became a member of the UNESCO's creative cities network.

REGISTRATION FEES AND ELIS GRANT

- Registration fees and travel expenses may be fully covered by ELIS Grant for successful applicants.
- Successful applicants will be provided with complementary accommodation and meals for the duration of the seminar.
- ELIS Grant is available for eligible candidates, and the grant is subject to restrictions. Please contact the ELIS team for further information.

ELIGIBILITY REQUIREMENTS

- Women postgraduate students
- Majoring disciplines in STEM subject
- Clare Booth Luce (CBL) program fellows from the US or Asian students currently enrolled at Ewha Womans University or other Asian institutions

HOW TO APPLY

Application period is normally from December to February and the list of successful applicants will be announced by March.

- Please visit our homepage (<http://womeninstem.ewha.ac.kr>) to download an application pack, including further details on how to apply. The pack for each year is uploaded in December.
- Please contact the ELIS Team (womeninstem@ewha.ac.kr), if you have any queries regarding the application process.
